transfer your production data simple v1.0

### ✓ PALLETMAX Machine advantages

- Online service for easy maintenance
- High productivity and economic efficiency
- Wide range of applications
- Excellent operating convenience
- Easy and fast new pallet training
- Automatic nail counting

### 📦 PALLET Types

- EUR1
- EUR2
- EUR3
- 2-way
- 4-way
- CP1-9

### ● Standart equipment

- MAX CN80
- MAX CN55
- MAX CN80
- Standart magazines
- Standart pallet templates
- Working length: 3800 mm

### ○ Option equipment

- Additional Nailing gun No.4
- Adjustable pallet template
- Robot arm for pallet stacking
- Extended machine dimensions
- Extended machine warranty
- Extended robot arm warranty
